

Helpful Tips & Information - MATERNITY

- ❖ Pregnancy sessions usually take about 1.5 hrs when in the studio, and a bit longer on location.
- ❖ Pregnancy sessions are best between 7-8 months. Please plan ahead and schedule at least a few weeks before.
- ❖ It's always a great idea to consider professional hair and make-up the day of your shoot, so please plan accordingly.
- ❖ You are welcome to bring your own props, such as but not limited to; ultrasound photos, baby booties, colored sashes etc....
- ❖ Partners and children are always welcome to participate in the session.
- ❖ Nudity is a personal option and is available in any session in the most discreet nature.
- ❖ At no time are RAW images included in any package.
- ❖ We offer the option to review all images with you and discuss touch-ups/edits.
